

INFO EVENT:

Horizon 2020: News on Nanotechnologies, Advanced Material and Production (NMP)

Many calls involve **nanotechnologies** and **advanced materials** applied to **health** (e.g. cancer, Alzheimer), **energy** (e.g. low carbon, lithium-free batteries), **sustainability** (e.g. drinking water production), **safety of nanotechnologies** (e.g. environmental fate of nanomaterials, risk governance of nanomaterials), and more.

November 24, 2014, 12:00 – 14:00

Adolphe Merkle Institute (AMI)

Room : A 211

Ch. des Verdiers 4, 1700 Fribourg, formerly “Clinique Garcia”

Bus no 1, 3, 7 (direction Pérolles/Marly or Cliniques): Bus stop “Pérolles/Charmettes”

Bus no 7 (direction Cliniques): Bus stop “Jardin Botanique”

Programme

Last update 24/10/2014

12.00	Reception and lunch
12.15	Introduction by Prof. Christoph Weder, Director AMI
12.20	H2020: Topics of Open Call 2015 in NMP Marion Tobler, Euresearch Head Office, Bern
13.00	Practical information Doris Kolly, Euresearch Regional Office Fribourg
13.20	Look-out on Nanomedicine (-2017) Marion Tobler, Euresearch Head Office, Bern
13.40	Discussion – Q&A
14.00	End

Light snacks and beverages offered

Face to face meetings possible (registration: fribourg@euresearch.ch)

Presentations will be in English / Discussion in English/French/German

Participation free of charge / Registration per email required (fribourg@euresearch.ch)

Contact: Research Promotion Service / Euresearch Fribourg/Freiburg
