

# Bioinspired Materials

Natural Materials and Their Bioinspired Counterparts

Aug. 7-12, 2022 in Andermatt, Switzerland

## Keynote

Lia Addadi (Weizmann Institute of Science)

## Invited Speakers

Henrik Birkedal (Aarhus University)

Peter Fratzl (MPI of Colloids and Interfaces)

Holger Frauenrath (EPFL)

Pupa Gilbert (University of Wisconsin - Madison)

Stanislav Gorb (Kiel University)

Marleen Kamperman (University of Groningen)

Robert Katzschmann (ETH Zurich)

Harm-Anton Klok (EPFL)

Mathias Kolle (MIT)

LaShanda Korley (University of Delaware)

Daeyeon Lee (University of Pennsylvania)

Stephen Mann (University of Bristol)

Michael Mayer (Adolphe Merkle Institute)

Anna Rising (Karolinska Institute)

Thomas Scheibel (University of Bayreuth)

Daniel Van Opdenbosch (TU Munich)

Nicolas Vogel (FAU Erlangen-Nuremberg)

Andreas Walther (University of Mainz)

Marcy Zenobi-Wong (ETH Zurich)

**Abstract submission is now open!**
