

Spatial Biology at YOUR Scale

SEMINAR | Wednesday 22nd May 2024, 12.15pm

Spatial Biology 2.0: From Spatial Discovery to Spatial Signatures at Scale

Discover groundbreaking insights with a full continuum of single-cell, whole slide, spatial phenotyping solutions to support discovery, translational and clinical research applications

Join Dr. Sascha Seidel to explore Akoya's innovative Spatial Biology 2.0 solutions, and delve into PhenoCycler®-Fusion 2.0, Phenolmager® HT 2.0, and PhenoCode™ Panels, uncovering their deployment from high-plex discoveries to actionable signatures across the research spectrum.
