

ESA Internship programme 2025 is open for applications: 300+positions!

Over 300 ESA Internships for 2025 in Engineering, Natural Sciences, Earth Observation, Robotics, Cyber Security, IT, Data sciences but also in Law, Business and Communication are online from 1 to 30, November, 2024.

Get your ESA Internship

Dare applying to ESA, choosing among the 300+ internship positions across all ESA locations in Europe. ESA will accept a maximum of 2 applications.

- Select an internship in the area that most fits with your studies and with your aspirations.
- Write your Motivation Letter carefully, showing how your choice corresponds to the internship position in ESA (use keywords) including potentially writing your Master thesis.
- Include all situations in which you got to know ESA.
- Reach out to Professors who could help you choose your path of growth, ask for a Recommendation Letter, and attach it to your application.
- If you have an important deadline, within which you need a reply from ESA, write this date and the reason why, in the section "*provide any specific information*" of your application.

> Internship application deadline: **30 November 2024** (Apply [here](#))!

Get advice from SXS (Space Exchange Switzerland)

Do you need advice on how to boost your application dossier for an internship at ESA? You can count on the SXS advice of [ESA Intern](#) and former YGT. Make sure you are registered in the [SXS career list](#). Send an email to career@space-exchange.ch (with your CV and Motivation Letter for the internship to which you want to apply to) asking for an ad-hoc video tutorial and a personal counselling.

> Request for SXS Advice deadline: **20 November 2024**.

Get a Swiss SXS Grant

SXS, Space Exchange Switzerland and Movetia offer the Swiss European Mobility Program Grant for Traineeship. If you are a student enrolled at a Swiss University who will be doing an Internship at ESA, you might be eligible to apply for a grant.
