

WHAT HAPPENS WHEN RESEARCH LEAVES THE LAB?

This hands-on workshop is designed to equip scientists with tools to navigate the ups and downs of bringing research into real-world use

25 NOVEMBER 2025, 8.30 – 12.30
ADOLPHE MERKLE INSTITUTE, UNIFR
Chemin des Verdiers 4, Fribourg

Join us to learn how to assess research ideas early, spot risk and explore ways to move them closer to impact.

WHO?

Junior researchers (PhD students, postdocs, early career academics)

No prior experience or plans to become an entrepreneur needed!
