

# *AI and the Law: AI Solutions delivered by Microsoft*

Institute for  
International  
Business Law

Microsoft

# Join Microsoft for an exclusive, hands-on lecture designed for law students eager to explore the future of legal practice with AI.

## Lecturers

**Pascale Schwerzmann**  
Legal Tech Lead &  
Sr Technical Specialist

**Karim Tejani**  
Head Legal  
Switzerland

**Thomas Spörri**  
Regional Counsel EMEA  
at Global Deal Team

### The lecture consists of 3 blocks:

- Block 1 - *AI and the law* - how AI is used in legal practice **9:15 - 11:00**
- Block 2 - How to build your own agent & agent challenge (interactive session) **11:00 - 13:30**
- Block 3 - Prompt engineering challenge **14:30 - 16:30**

This is a unique opportunity to learn how AI is transforming the legal world, discover practical tools like Copilot and AI agents, and take part in interactive workshops and challenges.

Whether you're curious about legal tech or ready to build your own AI-powered assistant, this event offers valuable insights and inspiration from top industry experts.
