

## Workshop: Human-Bird Interactions

### Connecting Research in Lausanne and Zurich

**Time:** Friday 27 February 10:00 – 15:00

**Place:** University of Fribourg PER14 2.223

**Organisers:** Prof. Joëlle Salomon Cavin (University of Lausanne), Dr. Anna Deplazes Zemp (University of Zurich)

**Host:** Prof. Ivo Wallimann-Helmer (University of Fribourg)

The research group led by Joëlle Salomon-Cavin studies human-nature conflicts using swallows and crows as examples, while the group led by Anna Deplazes Zemp explores the relational values of birdwatchers. Additionally, we have started a joint research project on environmental disvalues.

At this workshop, we will present and discuss our various research approaches, objectives, and outcomes.

### Programme

10:00-10:15	Welcome
10:15 – 10:45	Anna Deplazes (UZH), Joëlle Salomon-Cavin (Unil) Introductions of overall research projects and approaches
10:45 – 11:45	Lazare Duval, Amaranta Fontcuberta: presentation and discussion of PhD projects at Unil
11:45 – 13:00	LUNCH BREAK
13:00 – 14:00	Rafael Zinnenlauf, Sven Gindorf: presentation and discussion of PhD projects at UZH
14:00 – 15:00	Unil-UZH-UniFr Discussions
