STS-CH 25th Anniversary Event Series

To celebrate the 25th anniversary of STS-CH, we are organizing a diverse series of events throughout the year to strengthen the visibility and significance of Science and Technology Studies (STS) within Switzerland's academic community. These events will explore key themes concerning the past and future of science, technology, and society in Switzerland.

All events will be in hybrid format. For more information, visit sts-ch.org, or scan the QR code above.
