WHO WE ARE

AIESEC is the world's largest non-profit youth-run organization. It is an international non-governmental not-for-profit organization that provides young people with leadership development, cross-cultural global internships, and volunteer exchange experiences across the globe. The organization focuses on empowering young people to make a positive impact on society.

The AIESEC network includes approximately 27,000 members in 127 countries .

WHAT IS GLOBAL VILLAGE?

Global Village (GV) is a one-day annual event happening on the university of Fribourg's campus that brings people together from a variety of diverse cultural backgrounds to celebrate multi ethnicity, cross culture and global citizenship. It is a time of festivity that strives towards promoting peace and harmony by bridging the gaps and differences between countries. Our goal is to give the people a platform where they can showcase their nations through singing, dancing, food, customs, costumes, music and traditions.

THE BEAUTY OF THE WORLD LIES IN THE DIVERSITY OF ITS PEOPLE

Promoting cultural diversity on campus

The aim of the event is to give our guests the chance to experience the cultural diversity in our students' community, while trying traditional types of food from different countries and learning about their language and lifestyle. Every country will be represented by a stand, assigned to a group of students or a partner such as a restaurant related to the country. During the event itself, there will also be different musical groups and other shows.
