

Seminar of the Fribourg Center  
for Nanomaterials

**Thursday, 11.07.2019 at 14:00**

Room 0.58.5

Physics Department – University of Fribourg

**"Insights from the properties of  
cuprate-manganite multilayers from  
Raman spectroscopy"**

*Ben Mallett*

The Photon Factory and Department of Physics, University of Auckland, New  
Zealand
